

NHLA TECHNOLOGY CONFERENCE

Announcing our 2023 Shark Pool Participants

Once again, carefully selected emerging leaders in the hospitality technology sector will have the unique opportunity to present their new tech-based ideas in front of a select panel of judges and general attendees.

The best presentation from each session, as determined by the panel, will be awarded features for the NHLA's membership across Nevada, as well as North America, via the organization's various online and social media channels.

Meet this year's participants!

Created to deliver superior revenue management results across an entire portfolio of hotel brands.

Identifying the gaps where brand marketing stops and hotel marketing begins.

An Integration Toolkit that provides tools to better leverage hospitality technology investments.

Harnesses the power of quantum physics to enhance the security and reliability of all systems.

A next-generation hotel experience

Join us November 29, 2023 at Blackfire Innovation for the third annual NHLA Technology Conference
